

Rabail Ali

Full Stack Developer & Technical Trainer

rabailalibhatti10000@gmail.com | 0346-3887427 | Larkana, Sindh, Pakistan | Rabailalibhatti.com

Summary

CS graduate with four years teaching Java, C#, Python, and web development in classrooms, workshops, and bootcamp-style programs. I've trained 100+ students at a time and mentored smaller cohorts on real projects. Currently a Senior IT Faculty at iTechLarkana, with a side as a Fiverr Level 2 seller delivering freelance dev work.

Experience

Senior IT Faculty — iTechLarkana

Aug 2025 - Present

Currently mentoring 50+ students on real-world IT projects. The focus is practical from day one — students build things they can put in a portfolio or talk about in interviews. Engagement is up 40% since switching fully to project-based work.

IT Faculty — Szabist Zabtech Larkana

Oct 2025 - Feb 2026

Mentoring more than 50 students through real-world applications covering core IT concepts, resulting in a 40% increase in student engagement and practical skill acquisition, preparing students for immediate employment in technology roles.

Trainer & Project Coordinator — Akhuwat FIRST Faisalabad

Jul 2024 - May 2025

Coordinated training projects across multiple teams. Worked on tightening up the workflow between instructors, which cut turnaround time on training deliverables by around 20% without dropping the quality of instruction.

Assistant Trainer — Akhuwat FIRST Faisalabad

Nov 2023 - Jun 2024

Supported trainees during practical lab sessions, mostly troubleshooting in real time so sessions didn't stall. Worked with 100+ trainees across the program. Pushed them to work through problems rather than just copying a fix, which made a difference in how they handled later sessions independently.

IT Faculty — iTechLarkana

Jun 2021 - Mar 2023

Ran project-based lessons for 100+ students covering core CS and development concepts. Designed the sessions to be practical from day one, students left with working projects, not just notes.

Education

BS Computer Science — CGPA 3.79, University of Sindh, Jamshoro

Jan 2019 - Jan 2023

Intermediate — Grade: A, Government Boys Degree College Larkana

Jan 2016 - Dec 2018

Projects

CarbonCode — C++ IDE

Built a desktop C++ IDE using Electron, React, and Monaco Editor with offline support.

Rabail's SEO Toolkit

Chrome Extension Built and published a Chrome extension that runs in-browser SEO audits. Available on the Chrome Web Store.

RefreshMate

Chrome Extension Built and published a Chrome extension for automated page refreshing with configurable options.

Skills

Programming & Development: Java, C#, C, JavaScript, HTML, CSS, SQL, Python

Tools & Frameworks: Electron, React, .NET Core MVC, Monaco Editor, GDB, Android SDK

Certifications

Web & App Development with ASP.NET Core — Akhuwat First Faisalabad *Mar 2023 - Sep 2023*

Built a full dynamic blogging website using C# and .NET Core MVC. Covered both frontend and backend, plus design work.

Project Management (PMP Certification Course) — NAVTTC *Mar 2022 - October 2022*

Covered project planning, scheduling, risk management, and team coordination through hands-on exercises.

Android Application Development — SZABIST-ZABTech Larkana *Nov 2021 - Feb 2022*

Built Android apps from scratch — UI design, app logic, and deployment.

Achievements

Fiverr Level 2 Seller

Reached Level 2 seller status through consistent freelance work and client satisfaction over multiple projects.
